The screenshot shows a software interface for 'CaliperQAMS'. At the top, there's a navigation bar with icons for file operations (New, Open, Save, Print, etc.), a search bar labeled 'Search..', and a blue 'Initiate' button. On the right side of the header are links for 'Gandhi Technologies' and user status indicators. The main content area has a title 'Extension of Target Date Audit Trail'. Below the title is a table with four columns: 'Issue Code' (containing 'DEV-CTPL-QC-22-0017'), 'Unique Code' (containing 'DEV-CTPL-QC-22-0017/ETD/DW/1'), 'Initiated By' (containing 'Manasa.Bindu'), and 'Initiated On' (containing '07 Jun 2022 11:37 AM'). To the left of the main content is a vertical sidebar with various icons.

This screenshot shows a modal window titled 'Extension of Target Date - Audit Trail'. It contains a section for 'Revision No. 0 - Registration' with the following details:

Issue Code	DEV-CTPL-QC-22-0017	Date of Initiation	07 Jun 2022
Target Date of Closure	09 Aug 2022	Initiating Department	Quality Control
Unique Code	DEV-CTPL-QC-22-0017/ETD/DW/1		

Below this is a table for 'Extension of target Date' with the following data:

Process Type	Process Category	Unique Code
Deviation	Main Process	DEV-CTPL-QC-22-0017
Present Target Date	Present Duration	Extension(in Days)
09 Aug 2022	45	5
Extended Target Date	17 Aug 2022	

This screenshot shows the same 'Extension of Target Date Audit Trail' screen as the first one, but now it includes a red circle with a white 'X' icon in the top right corner of the main content area, indicating that the registration has been completed or closed.
